

Differentiate, distinguish, compare and explain what is the main difference between Plant and Tree. Comparison and Differences.

## **Difference between Plant and Tree**

1. Plants belong to the kingdom Plantae. Trees are a type of plants.
2. Plants such as shrubs and grasses are short and are closer to the ground. Trees can be various sizes; generally, they are taller than other plants.
3. Plants, apart from trees, have soft stems. Trees generally have hard, woody stems.
4. Most plants, aside from trees, do not live long. Some trees can live up to hundreds of years under favorable conditions.
